Validations :

Login validation

The screenshot shows a web browser window titled "Employee Management" with the URL "localhost:8080/employeeemanagement/". The page features a large "Employee Management" title and a "version 1.0.0 (By - Imdadareeph)" subtitle. Below the title is a "LOGIN" form with a yellow input field containing "admin", a white input field labeled "Password", and a red "LOGIN" button. A red error message "Wrong credentials." is displayed below the form.

Edit validation

The screenshot shows a web browser window titled "Employee Management" with the URL "localhost:8080/employeeemanagement/pages/index.jsf". The page features a red header with the "Employee Management" title and links for "Documentation" and "logout". Below the header is a red error message "Username already exists". A table titled "Employee Records:" displays a single record for "Imdad Areeph". The table has columns for "id", "Name", "mobile", "address", "nationality", "Username", "Password", "Action", and "delete". The "Username" column contains the value "imdadareeph" and the "Password" column contains the value "2399ef7139093ff7036e".

id	Name	mobile	address	nationality	Username	Password	Action	delete
1	Imdad Areeph	09886416856	House No 4	indian	imdadareeph	2399ef7139093ff7036e	✓	Delete
